Growing as a Disciple

This course is about deepening our personal faith and raising our awareness of how God might be calling us to contribute our abilities and time to our churches. We hope that it will also generate enthusiasm and confidence to express our faith as we seek to live as Christ's disciples in our communities, workplaces and in the wider world.

In Growing as a Disciple, we delve into the Bible, getting the big story of the way God has worked in the lives of very ordinary people to bring about his purposes and our salvation. We zoom in to look at particular stories and ask, where are we in this story, and what about our journey of faith?

Course structure

The course is made up of ten sessions each lasting two hours:

- Introduction to Growing as a Disciple
- Prayer: The Language of faith
- The Old Testament story of faith: Abraham to Joshua
- The Old Testament story of faith: Joshua to the exile
- The Old Testament story of faith: Exile to John the Baptist
- The New Testament story of faith: Jesus
- The New Testament story of faith: The gospel explodes
- The church: The community of faith
- Mission: The response of faith
- The next step: Living as fruitful disciples
